

kajeet. Connected Communities

Kajeet Connected Communities is a new **digital equity program** designed to help schools, libraries and nonprofit organizations with affordable, wireless internet access as traditional funding options continue to shrink.

Through this program we are able offer discounted data plans, flexible billing options, and no overage fees to ensure every student stays connected.

Individual Wi-Fi Hotspots

Start a Wi-Fi hotspot lending program to keep students connected to online learning anytime, anywhere.

\$ *Unlimited data plans
starting as low as \$8.50/month**

School Bus Wi-Fi

Equip your buses with secure Wi-Fi to keep students learning and your bus tech connected.

\$ *Unlimited data plans
starting as low as \$15/month**

Mobile Network Kit

Connect your next outdoor event with our portable LTE/5G router with up to 10 hours of battery life.

\$ *Unlimited data plans
starting as low as \$15/month**

Wireless Backup & Primary Wi-Fi

Ensure every site has reliable Wi-Fi with an LTE/5G router than can be used a primary or backup connection.

\$ *Unlimited data plans
starting as low as \$15/month**

All Kajeet solutions arrive activated and kitted with any needed accessories (i.e. chargers, cables, cases) making it easy for your team to deploy and manage!

“The biggest part of the success story is that Kajeet serves the needs we have, where we need them, when we need them—and it just works.”

Joe Carlile, IT Director
Reeds Spring Schools (MO)
